Meeting with Boyle & Group. Asked to give evidence on position of
 L^d: Chancellor, compiled - speaking of Lawrence Report & my letter.
 Politics & the law. Judges. Questions Atcherley, Colstream,
 &c. ? How would I enable more lawyers to be recruited to J.C.
 Cited Gardiner & Howe. Must be tackled at High Level in
 party machine, but rewards not negligible. Ministers' pay
 generally - pointed out dismissal without notice hardship.

Chancellor's pension - should be earned by part time work, but
 he cannot return to the Bar & doubtfully only should earn money
 in City. He is the only Minister who must be his own technical
 expert (except Law Officers) and yet his professional career
 ends with his appointment. Relativity with L.C.J.
 Need for affirmative resolution. Chancellor needs A. of P.

Fun but embarrassing to ministers
