UK legislation allows us to charge higher (overseas) tuition fees to students if they do not qualify for "home/EU" fees through meeting certain residence and immigration status requirements. Meeting those requirements may also qualify you for UK government-sponsored financial support.

**YOU MUST COMPLETE ALL PAGES OF THIS QUESTIONNAIRE TO ENABLE US TO ASSESS YOUR FEE STATUS.**

Eligibility for home or EU fee status is determined on a number of factors, including your (or your parents') nationality, your right to study or live in the UK, your current and previous residential location and the employment status of you or your parents. Independent guidance for students is available from the UK Council for International Student Affairs – see: <http://www.ukcisa.org.uk/>

Please note that your fee status is linked to (though not the same as) your eligibility for government-sponsored student financial support. Confirmation of a student loan or grant is not in itself sufficient evidence for us to determine your fee status.
